# Introducing IFAP STAR Check

IFAP officially launched a new web-based database enabling organisations to conduct safe task and assessments and reviews at its recent Safety2006 Conference.

Designed by Essential Safety Strategies, IFAP has been given the sole distribution rights in WA to this new web-based system as well as any associated training and assessment tools.

IFAP STAR Check is a comprehensive task management system designed to provide feedback on safety compliance to an organisation's Safety Management System at the 'shop floor' level.

Designed for organisations with an established safety management system in the oil and gas, mining, construction, fabrication and manufacturing industries, IFAP STAR Check enables organisations to:

- Monitor their level of compliance with safety and health management systems;
- Access meaningful data on how their safety and health systems are performing at the shop floor level;
- Identify key areas that require improvement strategies; and
- Positively reinforce their safety and health management system.

Organisations using IFAP STAR Check will be able to access graphical and detailed reports that represent performance at all levels, from the work group level up to the overall performance of the organisation or division. For more information on IFAP STAR Check and how it can assist your organisation, please contact IFAP on **9221 9200**.

## Stock Up for Christmas

**With the holiday season upon us, there is no better time to take advantage of these special offers available from IFAP.**

### 2007 IFAP Safety Calendars - Stocks Limited

Copies of IFAP's 2007 Safety Calendar are still available. At only \$8.80 each, these calendars are ideal for distribution to employees and for display around the workplace to reinforce safety messages. Incorporating colourful pictures by WA primary school students, the messages include sun safety, ergonomics, use of PPE, electrical hazards, drink driving and more.

### Professor Hopkins' Books - Special Price!

Following two very successful presentations at IFAP's recent Safety2006 Conference, Professor Andrew Hopkins has made copies of his latest book, "Safety, Culture and Risk - The Organisational Causes of Disaster", available for purchase through IFAP. IFAP are extending the Safety2006 Conference special of \$66 per book (including GST) until the end of December.

### Scott Geller-Charlie Morecraft DVD - \$100 discount

This pack of 2 DVDs brings together two of the world's leading safety presenters for the first time ever and has proven popular since Scott Geller's last visit to Australia in July 2005. Together they present a dynamic and compelling message promoting the personal, behavioural side of generating workplaces that are safe and safe for the right reasons. IFAP is now able to offer these sets at \$100 off for the month of December only.

For more information on any of these offers or for a full catalogue of safety products available from IFAP, please contact **Mackenzie Craig** on **9431 6277**

# Free Entry For All IFAP Members

The IFAP/CGU Safe Way Awards, now in their 28th year, are an ideal way to promote and reward safety achievements at all levels of an organisation.

Designed to encourage organisations to set goals to improve occupational safety and health in the workplace, the IFAP/CGU Safe Way Awards program facilitates greater participation and fosters a greater awareness of safety at all levels of an organisation.

Organisations participating in the annual awards program can choose to enter either or both of the awards categories recognising achievements in LTI/LTIFR performance or assessment of their safety management systems.

This year 48 organisations and over 1100 individual work units were recognised for their safety achievements at the annual Safe Way Awards presentation functions held in conjunction with the Safety2006 Conference. The 2006 Gold Safe Way Achiever Award winners were presented with their certificates by the Hon, Mr John Bowler, Minister for Resources and Assisting the Minister for State Development; Employment Protection; Goldfields-Esperance and Great Southern, at the Skilled Gala Dinner.

IFAP are delighted to have the continued support of CGU as sponsors of these awards. CGU announced at the presentation of the 2006 Gold Safe Way Achiever Awards, that they had signed on as sponsors of the Safe Way Awards for the next three years.

Mr Garry Moore, State Manager WA, CGU Insurance, said "As Australia's leading workers compensation insurer, we are supporting these awards to encourage the business community to promote safety and, therefore reduce the cost and impact of workplace accidents in Western Australia."

Entries for the 2007 IFAP/CGU Safe Way Awards, are now being accepted. With free entry for all IFAP Members, there is no better incentive to participate. For more information on how your organisation or work group can participate and acknowledge your safety achievements, please contact IFAP on **9430 6611** or visit [www.ifap.asn.au](http://www.ifap.asn.au).

**Photos from the 2006 IFAP/CGU Safe Way Awards presentation functions are now available. Please contact Rebecca Johnston on 9431 6276 or email [rjohnston@ifap.asn.au](mailto:rjohnston@ifap.asn.au) for details.**

## Christmas Operating Hours

**On behalf of everyone at IFAP, we would like to thank all our clients for their support in 2006 and wish you a Merry Christmas and a safe and prosperous 2007.**

Over the Christmas break, IFAP will be closed from noon on Friday 22 December 2006 and will re-open on Tuesday 2 January 2007. There are currently no courses scheduled during this period. Any bookings or enquiries during this time should be directed to IFAP's central email address at [ifap@ifap.asn.au](mailto:ifap@ifap.asn.au).

For current information on IFAP's full range of courses, safety products, membership options and other services, please visit [www.ifap.asn.au](http://www.ifap.asn.au).
