## What is WISWA?

Women in Safety WA (WISWA) works to communicate with, engage, and motivate its Members through providing them with access to networking opportunities, mentoring programs and exciting events. The WISWA Network aims to inspire and empower all working professionals to achieve self-defined success in both career and life.

The WISWA Network is rapidly growing, our 2016 events were very popular and we expect our 2017 events to be even bigger and better. We invite you to join us in taking WISWA to the next level and become an Event Sponsor in 2017. As a WISWA Event Sponsor your organisation will receive a multitude of entitlements and exposure.

We offer a range of sponsorship opportunities however, we are happy to work with you should you require something specific to suit your needs. I encourage you to review these Sponsorship Opportunities and contact us to secure your Sponsorship Opportunity.

On behalf of IFAP and WISWA, we hope you'll chose to partner with us in 2017 and be a part of taking the Women in Safety WA Network to the next level.
